## Professional Summary

Experienced architect with a passion for sustainable design and a proven track record of delivering high-quality projects. Skilled in project management and client relations.

## Work Experience

### Senior Architect at Design Firm X

- Oversaw the design and construction of multiple commercial and residential projects, ensuring adherence to budget and timeline.
- Collaborated with clients to understand their needs and preferences, translating them into innovative design solutions.
- Led a team of junior architects, providing mentorship and guidance throughout the project lifecycle.

### Architectural Designer at Firm Y

- Generated detailed architectural drawings and 3D models using AutoCAD and Revit.
- Participated in site visits and meetings with contractors to ensure project specifications were met.
- Assisted in the preparation of project proposals, presentations, and client meetings.

## Education
