Professional Summary

Experienced software developer with a strong background in full-stack web development. Proficient in multiple programming languages and frameworks, with a focus on delivering high-quality and scalable solutions.

Work Experience

Senior Software Developer at Tech Solutions Inc. (2018-2021)

- Designed and developed a custom CRM system for a major client, increasing efficiency by 30%.
- Collaborated with cross-functional teams to implement new features and enhancements based on client feedback.
- Performed code reviews and mentored junior developers to improve overall team performance.

Software Engineer at InnovateTech (2015-2018)

- Worked on a team to build a mobile app for a startup, resulting in a 4-star rating on app stores.
- Implemented RESTful APIs for data retrieval and manipulation, contributing to a seamless user experience.
- Resolved technical issues and optimized code for improved performance and scalability.

Education

Bachelor of Science in Computer Science - University of Technology (2011-2015)

Skills

Technical Skills: Java, Python, JavaScript, HTML/CSS, React, Node.js

Soft Skills: Communication, Problem-solving, Teamwork, Time Management

Projects 1. E-commerce Website

Developed a fully functional e-commerce website using React and Node.js. Implemented features such as user authentication, product listings, and cart functionality.

2. Task Management App

Created a task management app with a focus on simplicity and efficiency. Utilized Python for backend development and React for the frontend, allowing users to easily track and organize their tasks.

Certifications

Certified Scrum Master (CSM)

Oracle Certified Professional, Java SE 8 Programmer

Hobbies & Interests

In my free time, I enjoy hiking, playing the piano, and volunteering at local community events.
