Professional Summary

Experienced software developer with a strong background in full-stack development. Skilled in Java, Python, and JavaScript with a passion for creating efficient and user-friendly applications.

Work Experience

Senior Software Developer, XYZ Tech (2018-2021)

- Led a team of developers in the design and implementation of a new customer management system, resulting in a 20% increase in efficiency.
- Collaborated with product managers to translate business requirements into technical specifications and deliver high-quality software solutions.
- Implemented automated testing processes to improve code quality and reduce bugs in production.

Software Engineer, ABC Solutions (2015-2018)

- Developed a web application using React and Node.js that streamlined the onboarding process for new employees, saving the company 1000 hours annually.
- Worked closely with clients to understand their needs and provide customized software solutions to meet their requirements.
- Participated in code reviews and provided constructive feedback to team members to promote best practices and maintain code quality.

Education

Bachelor of Science in Computer Science, University of Technology, 2015

Skills

Technical Skills: Java, Python, JavaScript, React, Node.js, SQL

Soft Skills: Communication, Problem-solving, Teamwork, Time Management

Projects

Online Marketplace Platform

Developed a full-stack online marketplace platform using React for the frontend and Node.js for the backend. Integrated payment gateways and implemented user authentication and authorization features.

Inventory Management System

Designed and implemented an inventory management system using Java Spring Boot. Utilized RESTful APIs for communication between the frontend and backend, allowing for real-time updates of inventory levels.

Certifications

Certified Scrum Master (CSM)

Hobbies & Interests

In my free time, I enjoy hiking, playing the guitar, and volunteering at local animal shelters.
