## Professional Summary

Experienced software developer with a strong background in developing and implementing software solutions. Skilled in various programming languages and technologies, with a focus on delivering high-quality, scalable applications.

## Work Experience

### Software Developer at Tech Solutions Inc. (2018-2021)

- Developed and maintained web applications using Java, Spring Boot, and AngularJS.
- Collaborated with cross-functional teams to design and implement new features.
- Optimized application performance and scalability through code refactoring and database tuning.

### Junior Software Engineer at Software Innovations Co. (2016-2018)

- Assisted in the development of mobile applications for iOS and Android platforms.
- Performed software testing and debugging to ensure product quality.
- Participated in regular code reviews and contributed to team knowledge sharing sessions.

## Education

Bachelor of Science in Computer Science - University of Technology, 2016

## Skills

Technical Skills: Java, Spring Boot, AngularJS, iOS, Android

Soft Skills: Teamwork, Problem-solving, Communication, Time Management

## Projects

### Online Marketplace Platform

Developed a scalable online marketplace platform using Java and AngularJS. Implemented features such as user authentication, product catalog, and order processing.

### Mobile Task Management App

Created a mobile task management app for iOS and Android devices. Designed an intuitive user interface and integrated cloud storage for data synchronization across devices.

## Certifications

Oracle Certified Professional - Java SE Programmer

# Hobbies & Interests

In my free time, I enjoy hiking, playing the guitar, and exploring new technologies in the software development field.
