## Professional Summary

Experienced software developer with a strong background in full-stack web development. Skilled in building scalable and efficient applications.

## Work Experience

### Software Developer at Tech Solutions Inc. (2018-2021)

- Developed and maintained web applications using technologies such as HTML, CSS, JavaScript, and Node.js.
- Collaborated with cross-functional teams to deliver high-quality software solutions on time and within budget.
- Implemented testing and debugging processes to ensure the reliability and security of applications.

### Junior Software Engineer at CodeCrafters LLC (2016-2018)

- Assisted in the development of a new software product from conception to launch, contributing to both front-end and back-end development.
- Participated in code reviews and provided feedback to team members to improve code quality and efficiency.
- Worked closely with clients to understand their requirements and deliver customized solutions to meet their needs.

## Education

Bachelor of Science in Computer Science - University of Technology (2016)

## Skills

Technical Skills: JavaScript, HTML, CSS, Node.js, React, SQL

Soft Skills: Communication, Problem-solving, Teamwork, Time Management

## Projects

### Online Shopping Platform

Designed and developed a fully functional e-commerce website using React for the front end and Node.js for the back end. Implemented features such as user authentication, product search, and payment processing.

### Task Management App

Created a task management application using HTML, CSS, and JavaScript. Users can create, update, and delete tasks, set reminders, and categorize tasks based on priority.

## Certifications

Certified Full-Stack Developer - Tech Academy (2020)

# Hobbies & Interests

In my free time, I enjoy hiking, reading, and playing the guitar.
