Professional Summary

Experienced software engineer with a strong background in developing innovative solutions. Skilled in full-stack development and proficient in various programming languages.

Work Experience

Senior Software Engineer - TechSolutions Inc. (2018-2021)

- Designed and implemented a scalable microservices architecture for a SaaS platform, leading to a 30% increase in system performance.
- Collaborated with cross-functional teams to deliver high-quality software solutions within tight deadlines.
- Provided mentorship to junior developers and conducted code reviews to ensure code quality.

Software Developer - InnovateTech Ltd. (2015-2018)

- Developed and maintained web applications using React.js and Node.js, resulting in a user-friendly interface and improved user experience.
- Optimized database queries and improved system efficiency, reducing response times by 20%.
- Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives.

Education

Bachelor of Science in Computer Science - University of Technology (2011-2015)

Skills

Technical Skills: JavaScript, Python, HTML/CSS, React.js, Node.js, SQL

Soft Skills: Team Collaboration, Problem-Solving, Communication, Time Management

Projects

E-commerce Website (2020)

Developed a responsive e-commerce website using React.js, Node.js, and MongoDB. Implemented features such as product catalog, user authentication, and payment gateway integration.

Inventory Management System (2017)

Designed and built an inventory management system for tracking stock levels, orders, and shipments. Utilized Java and MySQL for backend development and implemented a user-friendly interface for easy navigation.

Certifications

Certified Scrum Master (CSM)

Hobbies & Interests

In my free time, I enjoy hiking, playing the guitar, and volunteering at local animal shelters.
