Professional Summary

Experienced software engineer with a strong background in developing innovative solutions. Skilled in various programming languages and technologies, with a passion for problem-solving and creating efficient software products.

Work Experience

Software Engineer - ABC Tech (2018-2021)

- Designed and implemented scalable web applications using Java and Spring framework.
- Collaborated with cross-functional teams to deliver high-quality software solutions within project deadlines.
- Performed code reviews and refactoring to improve code quality and maintainability.

Junior Software Developer - XYZ Solutions (2016-2018)

- Developed mobile applications for iOS and Android platforms using Swift and Java.
- Assisted in the design and development of API endpoints for seamless integration with third-party services.
- Participated in regular team meetings to discuss project progress and address any technical challenges.

Education

Bachelor of Science in Computer Science - University of Technology, 2016

Skills

Technical Skills: Java, Python, SQL, HTML/CSS, JavaScript, Spring, Git

Soft Skills: Problem-solving, Teamwork, Communication, Time Management

Projects

Online Shopping Platform

Developed a web application that allows users to browse and purchase products online. Implemented user authentication, product search functionality, and secure payment processing.

Inventory Management System

Designed and built a software solution for tracking inventory levels, managing supply chain logistics, and generating real-time reports for stakeholders. Utilized database management systems for efficient data storage and retrieval.

Certifications

Certified Java Developer (2019)

Hobbies & Interests

In my free time, I enjoy hiking, reading science fiction novels, and volunteering at local community events.
