## Professional Summary

Dynamic and results-driven Software Developer with 5 years of experience in full-stack web development. Proficient in multiple programming languages and frameworks, with a strong focus on delivering high-quality solutions.

## Work Experience

### Senior Software Developer - ABC Tech (2018-Present)

- Developed and maintained scalable web applications using Angular, Node.js, and MongoDB.
- Collaborated with cross-functional teams to design and implement new features based on client requirements.
- Performed code reviews and provided technical guidance to junior developers.

### Software Engineer - XYZ Solutions (2015-2018)

- Designed and implemented RESTful APIs for a cloud-based SaaS platform using Python and Django.
- Optimized database queries and improved overall system performance by 30%.
- Worked closely with product managers to prioritize features and deliver on time.

## Education

Bachelor of Science in Computer Science - University of ABC (2015)

## Skills

Technical Skills: JavaScript, Python, Angular, Node.js, MongoDB, Django

Soft Skills: Teamwork, Problem-Solving, Communication, Time Management

## Projects

### Online Marketplace Platform

Developed a responsive e-commerce platform using Angular for the frontend and Node.js for the backend. Integrated payment gateways and implemented user authentication.

### Task Management App

Created a task management application using Django, allowing users to create, assign, and track tasks. Implemented user roles and permissions for enhanced security.

## Certifications

Certified Scrum Master (CSM)

# Hobbies & Interests

In my free time, I enjoy hiking, playing the guitar, and volunteering at local community events.
