Professional Summary

Experienced software developer with a strong background in full-stack development. Skilled in various programming languages and technologies, with a focus on delivering high-quality and scalable solutions.

Work Experience

Senior Software Developer - Tech Company X

- Developed and maintained web applications using React.js and Node.js
- Collaborated with cross-functional teams to design and implement new features
- Optimized application performance and scalability through code refactoring and performance tuning

Software Engineer - Startup Y

- Designed and implemented RESTful APIs for mobile applications
- Worked closely with product managers to define project requirements and timelines
- Performed code reviews and mentored junior developers

Education

Bachelor of Science in Computer Science - University Z (Year)

Skills

Technical Skills: JavaScript, React.js, Node.js, SQL, Git

Soft Skills: Teamwork, Problem-Solving, Communication, Time Management

Projects

Project A - E-commerce Website

Developed an e-commerce platform with React.js for the frontend and Node.js for the backend. Implemented user authentication, product catalog, and checkout functionality.

Project B - Task Management App

Created a task management application using React.js and Firebase. Users can create, assign, and track tasks with real-time updates.

Certifications

Certified Full-Stack Developer - XYZ Certification

Hobbies & Interests

Outside of work, I enjoy hiking, playing musical instruments, and exploring new technologies.
