# Professional Summary

Experienced software developer with a strong background in full-stack web development. Skilled in multiple programming languages and frameworks, with a passion for creating efficient and user-friendly applications.

# Work Experience

### Senior Software Developer - Tech Company X

- Developed and maintained web applications using React.js and Node.js
- Collaborated with cross-functional teams to design and implement new features
- Optimized application performance and scalability through code refactoring

### Software Engineer - Startup Y

- Designed and implemented RESTful APIs for a mobile app using Django and Flask
- Integrated third-party services for payment processing and user authentication
- Performed code reviews and conducted testing to ensure high-quality software delivery

# Education

Bachelor of Science in Computer Science - University Z (Year)

# Skills

Technical Skills: JavaScript, Python, React.js, Node.js, Django, Flask

Soft Skills: Communication, Problem-solving, Teamwork, Time Management

# Projects

### Online Marketplace Platform

Developed a responsive e-commerce platform using React.js for the frontend and Node.js for the backend. Implemented features such as user authentication, product search, and order management.

### Social Media Analytics Tool

Created a web application to analyze social media data using Python's Django framework. Integrated with popular APIs to gather and visualize insights on user engagement and trends.

# Certifications

Certified React.js Developer

# Hobbies & Interests

Outside of work, I enjoy hiking, playing the guitar, and volunteering at local community events.
